

**Tony Giordano**  
**Broker**  
**Dunton Commercial Real Estate Company**

Tony Giordano has an extensive background in retail, industrial and land brokerage including landlord assignments, tenant representation and investment sales transactions. A graduate of the University of Chicago, Tony is a seasoned negotiator with experience in a wide range of transactions. A licensed broker since 1974, Tony has owned and operated his own real estate company prior to joining Dunton and is a certified instructor at the Colorado Real Estate Institute.

During the last 20 plus years, Tony has successfully sold a significant number of properties to users and investors. He has been a consistent member of the prestigious DMCAR \$2,000,000 roundtable club on a regular basis. Notwithstanding an impressive academic and experience background, Tony is known for his “hand-on” and “never let go” approach to the business. He rolls up his sleeves and works in the trenches where face-to-face contact is his secret to success. Recently, Tony was one of the top five producing brokers with Dunton Commercial Real Estate Company and once again attained the Two Million Dollar Roundtable status.
